ANNUAL APPROPRIATION ORDINANCE 1938-1939

BILL NO. 1576, ORDINANCE NO. 9,051477 (Code No. 9,051), as follows:

AN ORDINANCE APPROPRIATING ALL ESTIMATED RECEIPTS AND ALL ESTIMATED EXPENDITURES FOR THE CITY AND COUNTY OF SAN FRANCISCO FOR THE FISCAL YEAR ENDING JUNE 30, 1939.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The several amounts of estimated receipts, income and revenue enumerated herein are hereby provided for and appropriated to the several funds and/or departments indicated in this ordinance for the purpose of meeting appropriations herein provided.

Section 2. The several amounts of proposed expenditure for the fiscal year ending June 30, 1939, are hereby appropriated to the several funds and/or departments as enumerated herein. Each department for which an expenditure appropriation is herein made shall be authorized to use the amount of moneys so appropriated for the purposes specified in this appropriation ordinance, subject to the limitations of the Charter and as provided herein.

Section 3. The Controller is hereby authorized and directed to set up appropriate accounts, as provided by Section 76 of the Charter, for the items of receipts and expenditures appropriated herein.

Where revenues for any fund or department are herein provided by transfer from any other fund or department, or where a duty or a performance has been transferred from one department to another, the Controller is authorized to make the necessary transfer; provided further, that where revenues for any fund or department are herein provided by transfer from any other fund or department in consideration of departmental services to be rendered, in no event shall such transfer of revenue be made in excess of the actual cost of such service; provided further, that in no event shall transfers from utility surplus exceed the limitations set forth in Section 129 of the Charter.

The Controller shall make available the amount of actual receipts for items of proposed expenditures that are designated herein as appropriated for the use of a department to the extent that fees or other revenues are collectible.

Section 4. The several items of expenditures herein appropriated, being based on estimated receipts, income or revenues which may not be fully realized, it shall be incumbent upon the Controller to establish a schedule of allotments, monthly or quarterly as he may determine, under which the sums appropriated to the several departments shall be expended. The Controller shall revise such revenue estimates monthly. If such revised estimates indicate a shortage the Controller shall hold in reserve an equivalent amount of the corresponding expenditure appropriations set forth herein until the collection of the amounts as originally estimated is assured, and in all cases where it is provided by the Charter that a specified or minimum tax shall be levied for any department the amount of such appropriation herein provided derived from taxes shall not exceed the amount actually produced by the levy made for said department. The Controller in issuing warrants or in certifying contracts or purchase orders or other encumbrances, pursuant to Section 86 of the Charter, shall consider only the allotted portions of appropriation items to be available for encumbrance or expenditure and shall not approve the incurring of liability under any allotment in excess of the amount of such allotment. In case of emergency or unusual circumstances which could not be anticipated at the time of apportionment, an additional allotment for a period may be made on the recommendation of the department head and that of the Chief Administrative Officer, board or commission, and the approval of the Controller. After the allotment schedule has been established or fixed, as heretofore provided, it shall be unlawful for any department or officer to expend or cause to be expended a sum greater than the amount set forth for the particular activity in the said allotment schedule so established, unless an additional allotment is made, as herein provided.

Allotments, liabilities incurred and expenditures made under expenditure appropriations herein enumerated shall in no case exceed the amount of each such appropriation, unless the same shall have been increased by supplemental appropriations made in the manner provided by Sections 79 and 80 of the Charter, or by transfer as provided by Sections 77 and 90 of the Charter.

Section 5. Where appropriations are made for specific projects or purposes which may involve the payment of salaries or wages, the head of the department to which such appropriations are made, or the head of a department authorized by contract or interdepartmental order to make expenditures from each such appropriation, shall file with the Controller, when requested, an estimate of the amount of any such expenditures to be made during the ensuing period.

Section 6. Liabilities incurred and expenditures made for permanent employments shall in no case exceed the number of and the salary or wage for, employments in each class as enumerated in the annual salary ordinance, except as additional employments may be authorized under the provisions of the Charter.

The Controller and the Civil Service Commission shall be immediately notified of a vacancy occurring in a position established in the Annual Salary Ordinance and appointing officers shall not make appointments to such vacancies until the Controller shall certify that funds are available for the compensation of the appointee, and the Mayor shall approve the appointment.

Appointing officers shall not make appointments to seasonable or temporary positions until the Controller shall certify that funds are available and until the Civil Service Commission shall verify the legality of the position and compensation.

Appointments to seasonable or temporary positions shall not exceed the term for which the Controller has certified the availability of funds.

Section 7. The Controller is hereby authorized and directed to continue the existing Special, Trust Funds and Reserves and the receipts in and expenditures from each such fund are hereby appropriated in accordance with law and the conditions under which each such fund was established.

The Controller is hereby authorized and directed to set up additional Special, Trust Funds and Reserves, as they may be created by either additional bequests or under other conditions.

Whenever the City and County of San Francisco shall receive from the United States of America, the State of California, or from any public or semi-public agency, or from any private person, firm or corporation, any moneys, or property to be converted into money, the Controller shall set up on the books of his office a special fund or account evidencing the said moneys so received and specifying the purposes for which they have been received and for which they are held, which said account or fund shall be maintained by the said Controller as long as any portion of said moneys remains unexpended.

The expenditures necessary from said fund or said account created as herein provided, in order to carry out the purpose for which said moneys have been received or for which said account is being maintained, shall be approved by the Controller and said expenditures are hereby appropriated in accordance with the terms and conditions under which said moneys have been received by the City and County of San Francisco, and in accordance with the conditions under which said fund is maintained.

Section 8. The Controller is hereby authorized and directed to set up appropriations for refunding amounts deposited in the treasury in excess of amounts due.

Section 9. The Controller is hereby authorized and directed to prescribe the method to be used in making payments for interdepartmental services in accordance with the provisions of Section 77 of the Charter.

Section 10. The term "department" as used in this ordinance shall mean department, bureau, office, utility, board or commission, as the case may be. The term "department head" as used herein shall be as defined in Section 20 of the Charter.

Section 11. The several departments of estimated receipts herein appropriated, and each fund or department to which such appropriation is made, are as follows:

Annual Salary Ordinance

Fiscal Year Ending June 30, 1939

(Code No. 9.053)

Bill No. 1580, Ordinance No. 9.053128, as follows:

An ordinance enumerating all positions continued and/or created by the Board of Supervisors in adopting the Annual Budget and Appropriation Ordinance for the fiscal year ending June 30, 1939; continuing, and/or creating and/or establishing these positions; enumerating and including therein all positions created by Charter or State law for which salaries are appropriated in the said Annual Appropriation Ordinance; specifying and fixing the compensation of incumbents therein, and providing for maximum compensation of persons appointed to positions herein enumerated which may become vacant during the fiscal year; an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. In accordance with the provisions of Section 73 of the Charter the positions hereinafter enumerated under the respective departments are hereby created and/or established and/or continued for the fiscal year ending June 30, 1939. Positions created or authorized by Charter or State law are enumerated and included herein.

Appointing officers as specified in the Charter are hereby authorized to make or continue appointments, as needed, during the said fiscal year to positions enumerated in their respective sections of this ordinance, but in no case to exceed the number of positions or the rate of pay herein enumerated and established; provided that temporary appointments to positions defined by the rules of the Civil Service Commission as seasonal or temporary positions may be made by the respective appointing officers in excess of the number of permanent positions herein established or enumerated, but no appointment to such temporary or seasonal position shall be made until the Controller shall certify that funds are available and the Mayor shall approve, and no such appointment shall continue beyond the period for which the Controller has certified the availability of funds. At the request of the Mayor or the Controller, the Civil Service Commission may investigate and report on the necessity for such temporary or seasonal services.

The Controller and the Civil Service Commission shall be immediately notified of a vacancy occurring in a position herein established and appointing officers shall not make appointments to such vacancies until the Controller shall certify that funds are available and until the Civil Service Commission shall verify the legality of the position and compensation, and the Mayor shall approve.

Section 141 of the Charter provides that the Civil Service Commission shall be the judge of the classification of positions. Any changes made by the Civil Service Commission during the fiscal year 1938-39 in the class title or number of classification of the duties of a position herein enumerated shall be reported within thirty days by the Civil Service Commission to the Mayor, the Board of Supervisors, the Controller, and the head of the department concerned, in order that the Board of Supervisors may amend the Salary Ordinance to conform to the changes made by the Civil Service Commission.

Section 2. Salary or wage rates herein specified are the maximum gross compensations fixed for the present incumbents of the respective positions herein enumerated, including the valuation of maintenance furnished.

In filling vacancies in positions herein enumerated or in appointing employees to temporary or seasonal positions as provided in Section 1 hereof, which are subject to the provisions of Section 151 of the Charter, the person appointed to such vacancy or temporary or seasonal position shall be paid a wage or salary not to exceed the entrance salary or wage fixed for such position in the proposed schedule of compensations issued by the Civil Service Commission under date of April 9, 1930, except as such proposed schedule or compensation is amended as provided by Charter or extended by the Civil Service Commission to include classifications not included therein and the salary shall remain at the said entrance rate during the current fiscal year; provided, however, that persons who have acquired permanent status in a position who are reemployed in the same position after layoff or leave of absence shall be paid the salary or wage received at the time laid off or granted such leave, provided that in the execution and performance of any contract awarded to a city department under the provisions of Sections 95 and 98 of the Charter, not less than the wage scale fixed by the Board of Supervisors in the Prevailing Wage Resolution and in effect at the time of the award of said contract shall be paid to employees performing work under such contract.

No maintenance shall be provided to any employee in a position subject to the provisions of Section 151 of the Charter in addition to the compensation herein fixed or provided. The compensations fixed for employees engaged in construction work outside the City and County of San Francisco which are not subject to Section 151 of the Charter includes the valuation of maintenance provided such employees and deductions for such accommodations shall be made and indicated on payrolls and timerolls.

Charges for any and all maintenance furnished employees in positions subject to Section 151 of the Charter as indicated herein shall be made and indicated on timerolls and payrolls, and deductions for such maintenance shall be indicated and made on timerolls and payrolls in accordance with the following schedule fixed by the Civil Service Commission for such maintenance; provided, however, that no charge shall be made for meals furnished cooks, bakers, waiters and other kitchen workers.

Section 86. This ordinance is passed as an emergency measure, and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists, to-wit, the passage of the Annual Salary Ordinance and its taking effect by July 1, 1938, the beginning of the Fiscal Year, 1938-1939, to provide for the uninterrupted operations of the various departments of the City government.

Finally Passed—Board of Supervisors, San Francisco, June 20, 1938.

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

I hereby certify that the foregoing emergency ordinance was finally passed by the Board of Supervisors of the City and County of San Francisco.

DAVID A. BARRY, Clerk.

Approved—San Francisco, June 21, 1938.

ANGELO J. ROSSI, Mayor.
